SECTION 1

CONTENTS

CHAPTER 1 - Scales of Mechanical, Electrical and Instrument Aircraft Servicing Turn Round Spares.

CHAPTER 2 - Scales of Airborne Radio Installation Turn Round Spares.

CHAPTER 3 - Scales of Air Camera Aircraft Servicing Spares (TRS).

A close-up, low-angle shot of an aircraft's internal wiring harness. The harness consists of numerous orange and white insulated wires, some of which are bundled together with black zip ties. The wires are installed in a metal channel within the aircraft's fuselage. In the upper left, a large, cylindrical component, possibly a motor or pump, is visible, with several wires attached to it. The overall environment is metallic and industrial.
