

03502KTL

CHAPTER XA
TABLE CHART

SPECIAL NOTE

The G198 series of sleeves quoted in the breakdown of the cable assemblies, specifies the actual length of each sleeve. In the part number, the last group of numbers gives the length of the sleeve in millimeters, ie:- G198-1-15-31 is a sleeve with a length of 31mm.

These sleeves are supplied in lengths of 25mm for coloured sleeves and 50mm for Red or White sleeves.

Use the nearest length and then cut to correct size.
