Section 7 — Armament installation

Chapter 1 — Pyrotechnics

2 — R.P. equipment

3 — Guns

4 — Bombing equipment

A close-up, low-angle shot of an aircraft's internal wiring harness. The harness consists of numerous orange, white, and grey wires, some bundled together with black zip ties. They are installed in a metal channel within a wooden frame. In the upper left, a large, cylindrical metal component, possibly a motor or pump, is visible. The lighting is warm and focused on the wires.
