

## CHAPTER 2

### INSTRUMENT INSTALLATION

#### LIST OF GROUPS

	<i>Group</i>		<i>Group</i>
<b>GENERAL INFORMATION - 1</b>		<b>FLYING INSTRUMENTS - 3</b>	
<i>Installation details</i> ... ..	1A	<i>Air pressure operated instruments</i> ...	3A
<i>Removal of instrument panels</i> ... ..	1B	<i>Electrically operated instruments</i> ...	3B
<i>Location of equipment</i> .. ...	1C	<i>Mechanically operated instruments</i> ...	3C
 <b>ENGINE INSTRUMENTS - 2</b>		 <b>ARMAMENT INSTRUMENTS - 4</b>	
<i>Fuel contents gauges and fuel</i>		<i>Gyro gun sight and camera</i>	
<i>pressure warning</i> ... ..	2A	<i>recorder</i> ... ..	4A
<i>Exhaust gas thermometer and top</i>		 <b>MISCELLANEOUS INSTRUMENTS - 5</b>	
<i>temperature control</i> ... ..	2B	<i>Gauges and indicating instruments</i> ...	5A
<i>Oil pressure gauge and tachometer</i> ...	2C		

**Note . . .**

*A list of contents appears at the beginning of each group.*

**Introduction**

This chapter contains a brief description of the various instruments installed in this aircraft, together with the necessary servicing information required to maintain the installation in an efficient condition. The chapter is divided into a number of self-contained groups of information, beginning with a general information

group covering the instrument installation as a whole and embodying installation details, general servicing, location of equipment and the removal of the instrument panels. The remaining groups each appertain to a particular collection of instruments as listed above. Each group embodies a description of the installation

of the instruments concerned, including the necessary information and wiring diagrams of the electrically operated instruments. For a detailed description on the standard components employed, reference should be made to the appropriate Air Publications quoted in the following groups.
