Index of Reference/NATO Stock Numbers

1 Until all reference numbers are converted to NATO Stock Numbers it has been decided to introduce a combined Index of Reference/NATO Stock Numbers; this index is located after the Index of NATO Stock Numbers marker card.

1.1 The combined index commences with reference numbers of less than seven digits and are listed in strict numerical order including the RAF Vocabulary Section.

1.2 NATO Stock Numbers are listed in strict numerical order of the seven digits, the Item Identification Number (IIN), irrespective of the RAF Vocabulary Section or NATO Class and Country of Origin Codes.
