TYPE 2CA-2CB

MARTIN-BAKER EJECTION SEAT

THE AMENDMENTS PROMULGATED IN THE UNDERMENTIONED AMENDMENT LISTS  
HAVE BEEN MADE IN THIS SCHEDULE

[illegible]

## MEMORANDUM OF INSTRUCTIONS

### 1. CONTENTS

This Catalogue contains a list of the Spare Parts embodied in a type of Martin-Baker Ejection Seat as shown on the Cover and Fly Sheet.

### 2. DEMANDS

Units are to prepare their demands for spare parts strictly in accordance with, AP.830.Vol.1. Demands for the parts required to make an Ejection Seat serviceable are invariably to quote the Serial Number. Units are to demand parts for this Seat under vocabulary Section 27L, except where the Catalogue states otherwise. Where the Catalogue states that a part is held under another vocabulary Section the demand should quote that Section after reference to the appropriate Publication.

3. Unreferenced Seat items are not normally provisioned as spares. Demands for these items are to be submitted only when required to replace parts which have become unserviceable in use, or to meet anticipated requirements where previous consumption has been recorded. Such demands are to quote Makers Part No.

### 4. MODIFICATIONS (CLASSES 1 OR 2)

When an item is introduced by a Modification, the Modification Number is shown after the description of the Item. Redundant Items are deleted from the text.

### 5. MODIFICATIONS (CLASSES 3 AND 4) AND AMENDMENTS

When an item is introduced by this authority, the Number is shown after the description. Parts rendered redundant are not to be deleted from the Publication, but the description of these items must include the additional words "(PRE-MOD)". New items added must include, in the description, the Words "(MOD)".

### 6. NUMBERS OFF

The figure in the Number Off Column indicates:-

- (a) The quantity required per Seat when the description is not indented.
- (b) The quantity required per assembly when the description is indented.

### 7. COMPILATION OF TEXT

The multi-indentation system has been used in which the main assemblies, sub-assemblies, groups and detail items indicate their relationship by the indentation of the descriptive titles. The indentation is in accordance with the following outline:-

- (a) The Main Assembly starts at the left hand margin.
- (b) First Division:-

Sub-Assemblies, groups or detail parts of the Main Assembly are indented one space.

- (c) Second Division:-

Groups or detail parts which are components of a sub-assembly or group are each indented a further space.

- (d) Third and subsequent divisions:-

In Sequence.

## 8. AMENDMENT LISTS

Amendments are to be correctly inserted and entered in the Amendment Certificate which is to be found in front of the Catalogue. Manuscript Amendments are to be made in ink.

Amendment Lists are numbered consecutively and will be issued at regular intervals. This Catalogue is to be checked with the statement of Amendment List issued, which is Published periodically by A.M.O.'s.

## 9. CLASSIFICATION OF EQUIPMENT

The definitions of 'A', 'B', 'C' class stores are as follows:-

### CLASS 'A'

Class 'A' items are those items of equipment which remain on charge and cannot be replaced except on return to store. Repairable items which are beyond the capacity or authority of the Unit to repair are returned to the appropriate Maintenance Unit or Contractor in accordance with current instructions for the particular range of equipment. Class 'A' equipment categorised as scrap is to be disposed of in accordance with Leaflet A.19/1.

### CLASS 'B'

Class 'B' items are those items of equipment which remain on charge and cannot be replaced except on return to store. Items which are beyond the capacity of the Unit to repair, or which for technical reasons are not capable of being repaired whatever the defect, are to be categorised as scrap and disposed of accordingly.

### CLASS 'C'

Class 'C' items are items of equipment which are either:-

- (i) Consumable in use, or
- (ii) of small value and unsuitable for economical repair.

## 10. SERVICING TOOLS

Special Tools required for servicing this Ejection Seat are listed at the end of the spares layout.
