|          |             | 1           | 2 | 3 | 4 | 5                                                                     |            |                           |                              |              |
|          | E.233558-S2 |             |   |   |   | Inneres Säulenreck, links                                             | 1          |                           |                              |              |
|          | E.233559-S2 |             |   |   |   | Inneres Säulenreck, rechts                                            | 1          |                           |                              |              |
|          |             |             |   |   |   | (Ersatzteile siehe BAMF-Kat.Nr.<br>6F/K-2<br>"Bewaffnung Flz.Hunter") |            |                           |                              |              |

A close-up, low-angle shot of the underside of an aircraft, focusing on the nose and cockpit area. The image shows the dark, metallic skin of the fuselage with visible rivets. The cockpit canopy is prominent, with its frame and various access panels. A fuel tank or sensor pod is visible on the left side of the nose. The background is a bright, overexposed sky.
