THE PATENT 'LOXON' LOOSE-LEAF

BINDER

Patent Nos. 700547 and 802577

HOW TO USE THIS BINDER

AS A COVER FOR PRINTED MATTER

When reading from the Book, the sheets should be kept firmly bound up, thus avoiding any chance of wear and tear at the holes. If, however, for any reason, leaves are required to be viewed from edge to edge, then the laces should be disengaged from the spring clips and fully slackened off. The Binder and the sheets can then be spread open to lie flat.

AS A NOTEBOOK

When writing, so that the leaves shall lie quite flat, disengage the laces from the spring clips and slacken them fully.

TO INSERT OR REMOVE LEAVES

(Without the leaves being freed from the control of the laces at any time)

Unhitch the laces from the spiral springs, unthread the laces from the flange and join together the two ends of each lace thus forming two separate loops. Draw the tags through to the required place, disconnect, insert or remove sheets.
