 LIST OF SERVICES

	<u>Group</u>
A.C. Supplies (Code CH)	E.1

NOTE...

A list of contents appears at the beginning of each group.

Introduction

This group contains a description of the A.C. supplies circuit provided for the electrically operated instruments installed in this aircraft, together with the method of operation and the necessary servicing information required to maintain the equipment in an efficient condition. A routing and theoretical diagram of the circuit is also provided. A general description of the electrical system as a whole is given in Group A of this chapter and detailed information on the standard components employed will be found in the appropriate Air Publications quoted in this group.
