ARMAMENT SERVICES

LIST OF SERVICES

	<u>Group</u>
Armament Supplies and Control (Code GF, GV, GH, BR, BF, BJ, RP, RB and CG) ... ..	G.1.

NOTE...

A list of contents appears at the beginning of each group.

Introduction

This group contains a description and the method of operation of the electrical circuits provided for the armament installations. The necessary servicing information required to maintain the equipment in an efficient condition is also included, together with routing and theoretical diagrams of the various circuits. The electrical system as a whole is described in Group A of this chapter, while detailed information on the standard components employed will be found in the appropriate Air Publications quoted in this group.
