NOTE TO READERS

The security grading of this publication has been changed to a RESTRICTED category. The contents of the publication is to be revised and will be re-issued in A.P.112K-1400-1. In the interim period, the reader must interpret the heading S.D.4822 as A.P.4822 and the word SECRET as RESTRICTED wherever they occur in the publication.

The subject matter of this publication may be affected by Defence Council Instructions, Servicing schedules (Volume 4 and 5), or "General Orders and Modifications" leaflets in this A.P., in the associated publications listed below, or even in some others. If possible, Amendment Lists are issued to correct this publication accordingly, but it is not always practicable to do so. When an Instruction, Servicing schedule, or leaflet contradicts any portion of this publication, the Instruction, Servicing schedule, or leaflet is to be taken as the overriding authority.

The inclusion of references to items of equipment does not constitute authority for demanding the items.

Each leaf, except the original issue of preliminaries, bears the date of issue and the number of the Amendment List with which it was issued. New or amended technical matter is indicated by black triangles, positioned in the text thus: - ◀-----▶ to show the extent of amended text, and thus: - ▶ ◀ to show where text has been deleted. When a Part, Section, or Chapter has been issued in a completely revised form, the triangles do not appear.
