

GROUP E — ENGINE INSTRUMENTS

LIST OF CONTENTS

	<i>Para.</i>		<i>Para.</i>
<i>Introduction</i>	1	<i>Exhaust gas thermometer</i>	4
<i>Tachometer</i>	2	<i>Rear bearing thermometer</i>	5
<i>Oil thermometer</i>	3		

Introduction

1. The information in this group relates only to the electrical power supply for the instrument system concerned. The remaining information relating to these systems is contained in Chapter 2, Group C of this Section.

Tachometer

2. The tachometer installation is a self-contained electrical system and is described in Chapter 2, Group C of this Section.

Oil thermometer

3. Though no oil thermometer indicator is fitted, provision is made for the oil temperature to be checked. A d.c. supply is terminated at T.B.19 as shown in the routing chart. The system is dealt with in Chapter 2, Group C of this Section.

Exhaust gas thermometer

4. This circuit is self-contained and is dealt with in Chapter 2, Group C of this Section.

Rear bearing thermometer

5. Though no thermometer indicator is fitted, provision is made for the rear bearing temperature to be checked. The circuit is self-contained and is described in Chapter 2, Group C of this Section.
